SUMMARISED INFORMATION & BOOKING-FORM (PRINT-OUT, COMPLETE, AND RETURN BOOKING-FORM WITH DEPOSIT)

During the present change-over period in hypnotherapy training in the UK, with the introduction of self-regulation, you may become a practising hypnotherapist through this College in either of TWO ways:

1. Attend a **ten-day Intensive course over a fortnight (ie week-days), plus ONE weekend**, (total 81 hours) that enables you to attain our **Certificate in Hypnotherapy**, join the **GHR (General Hypnotherapy Register)** as an **Affiliate, and start your Practice**. There are 30 hours of homework involved. See COURSES for information on Dates & Fees. However, bear in mind that requirements may come along at some future date that you must complete a full course. We may then be able to train you up, by arrangement, and take into account your previous training with us. Rather than having exams, students on this course are assessed throughout by Dr Hearne.

2. Attend our full professional **Diploma in Hypnotherapy** course – meeting the agreed Core Curriculum and Learning Outcomes as mapped to the revised National Occupational Standards for Hypnotherapy, and thereby rendering you eligible, on its successful completion, for Membership of the **GHR**, and Registration with the prestigious **CNHC (Complementary and Natural Healthcare Council)**.

The **Diploma Course** consists of a **ten-day Intensive course over a fortnight (ie week-days), plus one weekend (i.e. the Certificate course), PLUS three weekends** (3 months apart), totalling 40½ hours (overall course total 121½ hours). There is also a substantial amount of home-work – reading, internet research, case histories, essays, etc (and exams at the end), for the full **Diploma in Hypnotherapy**.

The initial ten week-days over a fortnight, and one weekend, are the SAME classes for BOTH routes. You may decide which route to take after attaining the Certificate in Hypnotherapy.

N.B. Dr Hearne endeavours to teach most of each course himself.

We also run occasional intensive courses for a **Certificate in Past-life Therapy & Spirit Release Therapy** for people who are just interested in those fields for self-knowledge, or for suitably qualified therapists wishing to add these fields to their skills. Inevitably in hypnotherapy, some clients spontaneously enter these areas
